

EVALUATION RUBRIC AND SCORECARD FOR MEDICAL MARIJUANA TREATMENT CENTER SELECTION

Application Evaluation: All applications must be compliant with minimum statutory mandates in section 381.986, Florida Statutes. Applications that do not comply, will not be included in the final ranking regardless of scores awarded by the evaluators.

Each Section is worth either 50 or 100 points, as identified on the scorecard. Evaluators will evaluate and comparatively score each Section according to the following rubric:

Score Ranges		Response Categories
50 Point Section	100 Point Section	
40-50	80-100	<p>Category 5 Responses: Applicant addressed all items. When necessary, each item has multiple, specific examples of experience and knowledge. Experience and knowledge are conveyed clearly. Plans are clear, detailed, well documented, and thorough. All charts, photographs, maps, sketches, and other supplemental information are clear and legible. When necessary, applicant provides full documentation for representations of future performance. Responses related to financials reflect robust financial resources and clear lines of authority within the applicant’s organization.</p>
30-39	60-79	<p>Category 4 Responses: Applicant addressed all items. Most items have multiple, specific examples of experience and knowledge. Most plans are clear, detailed, well documented, and thorough. Most supplemental information is clear and legible. When necessary applicant provides documentation for most representations of future performance. Responses related to financials reflect robust financial resources, though there is some lack of clarity in the applicant’s organization’s lines of authority.</p>
20-29	40-59	<p>Category 3 Responses: Either: (1) Applicant responded to all items. Applicant responds to items addressing experience and knowledge, though answers tend to lack specificity. Plans are provided, but are lacking in clarity, documentation, or thoroughness. When necessary, some supplemental information is provided. Responses related to financials do not reflect robust financial resources, but do not raise doubts of applicant’s financial viability, or the applicant’s organization has unclear lines of authority, or; (2) Most responses are sufficient to be considered Category 4 or 5 Responses, but applicant fails to address</p>

		some items.
10-19	20-39	<p>Category 2 Responses: Either:</p> <p>(1) Examples of experience and knowledge are vague. Plans are unclear or have gaps in detail and documentation. Documentation of commitment to future performance is sparse. Responses related to financials raise questions about financial viability and/or the applicant's organization's lines of authority are unclear; or</p> <p>(2) Most responses are sufficient to be considered Category 3-5 Responses, but applicant fails to address several items.</p>
0-9	0-19	<p>Category 1 Responses: Description of experience or knowledge is vague, cursory, and without specific examples. Plans are undocumented or have significant gaps in critical details and documentation. Applicant poorly documents representations of future performance. Responses related to financials indicate the applicant is insolvent or there are no clear lines of the applicant's organizational authority reflected in the applicant's responses.</p>
