

Understanding the Registry

Close a Certification – Controlled Substance

In the process of closing a certification, it is required that you report when a patient has a reduction in use or dependency of a controlled substance while using medical marijuana.

*For information on closing or deactivating a certification, [click here](#).

Step 1: Click “New Controlled Substance.”

Step 2: Fill in all the information of the controlled substance.

Step 3: Click “Save.”

Verify the information. Repeat steps 1-3, as needed.

Step 4: Click “Click Here to Sign Certification.”
