

Understanding the Registry

Create New Patient

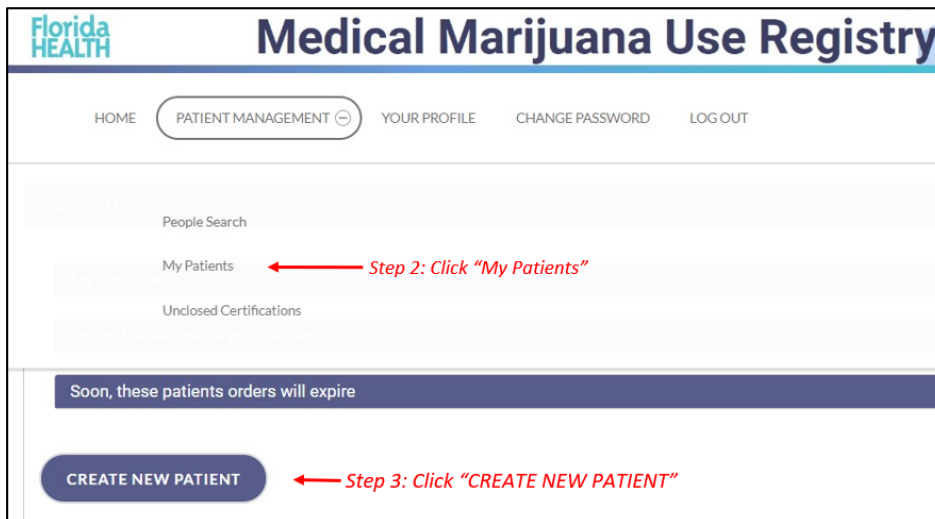

If you search for a patient in the Medical Marijuana Use Registry and no existing patient profile was found, you will need to certify the patient in compliance with section 381.986, Florida Statutes, and add the patient to the Medical Marijuana Use Registry.

Step 1: Log into the Medical Marijuana Use Registry <https://mmuregistry.flhealth.gov/>.

*If you do not remember your password, learn how to reset it by [clicking here](#).

Step 2: Navigate to the "Patient Management" menu option at the top of the page and click on "My Patients."

Step 3: Click "Create New Patient."

Step 4: Fill in all the patient's information.

**Be accurate while entering the patient's information. A misspelled name, incorrect DOB, SSN, or address will delay your patient's ability to obtain products, an OMMU ID Card, or possibly cause an issue should they encounter Law Enforcement while in legal possession of their products.*

Step 5: Click "Save."

***Step 4b (Seasonal Residents only):**

Is this person a permanent resident of the state of Florida?: Yes No ← *Mark if patient is a Florida resident.*

Is this person a seasonal resident of the state of Florida? (Per Section 381.986, Florida Statutes, the term "seasonal resident" means any person who temporarily resides in this state for a period of at least 31 consecutive days in each calendar year, maintains a temporary residence in this state, returns to the state or jurisdiction of his or her residence at least one time during each calendar year, and is registered to vote or pays income tax in another state or jurisdiction.) : Yes No ← *Mark if patient is a seasonal resident.*

What is the patient's permanent state of residence?: ← *Select the state where the patient is a permanent resident*

Add Caregiver

Step 6: Click "Confirm" to save your entry.

Confirm Edit Patient

You are about to create patient TYPICAL, PATIENT DOB - 1/1/1950. Check the information you supplied before continuing.

Step 6: Click "CONFIRM"

*For instructions on creating a caregiver for the patient, [click here](#).
